Report on the Financial Statements

We have audited the accompanying financial statements of Blue Mountain Humane Society (a nonprofit organization) which comprise the statement of financial position as of December 31, 2019, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Blue Mountain Humane Society as of December 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Year Ended December 31, 2019

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization:

Blue Mountain Humane Society (the Organization) is a not-for-profit charitable organization that provides support services for animals in Walla Walla, Washington, and surrounding areas. The Organization's primary purpose is to prevent cruelty and promote kindness to animals in their community. This is accomplished through the operation of an animal shelter, education programs, and cruelty and neglect investigations. Funding sources include the following:

- Shelter fees
- Municipal contracts for housing animals
- Memberships and donations from caring individuals and businesses

Summary of Significant Accounting Policies:

Basis of presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and cash equivalents – The Organization considers all highly liquid investments, with an original maturity of three months or less, to be cash equivalents. The Organization maintains its cash in bank deposit accounts with financial institutions. Cash balances may exceed amounts insured by the Federal Deposit Insurance Corporation at various times during the year; management does not consider this to be a significant credit risk.

Accounts receivable – Receivables are carried at their original amount, less an estimate made for doubtful accounts based on a review of all outstanding amounts on an annual basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Receivables are written off to the allowance when deemed uncollectible. No allowance was deemed necessary at December 31, 2019. Recoveries of receivables previously written off are recorded when received.

Pledges receivable – Unconditional promises to give are included in the accompanying financial statements as pledges receivable and contribution revenue. Promises to give are written off to the allowance when considered uncollectible. No allowance was deemed necessary at December 31, 2019.

Property and equipment – Property and equipment are stated at cost or, if donated, at their approximate fair value at the date of donation. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets ranging from 5 to 39 years. The Organization capitalizes all property and equipment acquired in excess of \$1,000.

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Summary of Significant Accounting Policies (continued):

Investments – Investments are reported at cost, if purchased, or at fair value, if donated. Thereafter, investments are reported at their fair values in the statement of financial position. Investment securities consist of a highly-diversified portfolio of equity securities and mutual funds. Net investment return/(loss) is reported in the statements of activities and consists of interest and dividend income, realized and unrealized gains and losses, and investment expenses. The investments in marketable securities are subject to market risk.

Financial instruments – At December 31, 2019, the carrying value of the Organization’s financial instruments approximated fair value.

Net assets – Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and net asset changes are classified and reported as follows:

Net assets without donor restrictions: Net assets that are not subject to donor- or grantor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Board of Directors.

Net assets with donor restrictions: Net assets that are subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support.

Revenue recognition – contributions:

Contributions – Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

In-kind contributions – Donated goods are recorded at their estimated fair value when received. Contributions of services are recognized if the services received create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing these skills and would typically need to be purchased if not provided by donation. Gifts of property and equipment, and gifts of cash to be used to acquire property and equipment, are reported as restricted support, and classified to net assets without donor restrictions when placed into service.

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Summary of Significant Accounting Policies (continued):

Revenue recognition – shelter fees and contracts: Revenue from shelter fees and contracts are recognized when the related services are provided.

Allocation of expenses – The costs of program and supporting service activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Salaries have been allocated based on estimated time spent; depreciation, supplies, postage, dues, and subscriptions have been allocated based on estimated usage of materials or services; utilities are allocated based on square footage; insurance is specifically allocated based on policies; and all other expenses are allocated based on the actual costs.

Advertising – Advertising cost is expensed as incurred. Advertising expense for the year ended December 31, 2019, was \$5,645.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes – Under the provisions of Section 501(c)(3) of the Internal Revenue Code, the Organization is exempt from federal income taxes, except for net income from unrelated business activities. For the year ended December 31, 2019, the Organization had no unrelated business activities subject to federal income tax. Management has evaluated the Organization's tax positions and concluded that the Organization had taken no uncertain tax positions that require adjustments to the financial statements.

New Accounting Pronouncements – In June 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The Organization has implemented the provisions of ASU 2018-08 applicable to both contributions received and to contributions made in the accompanying financial statements under a modified prospective basis. Accordingly, there is no effect on net assets in connection with our implementation of ASU 2018-08.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (continued):**

Summary of Significant Accounting Policies (continued):

New accounting pronouncements effective in future accounting periods –

In May 2014, FASB issued ASU 2014-09, *Revenue from Contracts with Customers* (Topic 606). The amended guidance clarifies the principles for recognizing revenue from contracts with customers. The guidance requires an entity to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The guidance also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. Additionally, qualitative and quantitative disclosures are required regarding customer contracts, significant judgments and changes in judgments, and assets recognized from the costs to obtain or fulfill a contract. The guidance will initially be applied retrospectively using one of two methods. The standard will be effective for the Organization for annual reporting periods beginning after December 15, 2019.

In February 2016, FASB issued ASU 2016-02, *Leases* (Topic 842). This update increases transparency and comparability among organizations by recognizing lease assets and lease liabilities on the combined balance sheet and disclosing key information about leasing arrangements. ASU 2016-02 will be effective for fiscal years beginning after December 15, 2021.

The Organization's management is currently in the process of evaluating the impact of the adoption of these ASUs on the financial statements.

NOTE 2 – AVAILABILITY AND LIQUIDITY:

The Organization receives significant unrestricted contributions and shelter program revenues to meet cash needs and to fund general operating expenditures. The Organization manages liquidity and cash reserves following two guiding principles:

1. Operating within a prudent, board-approved budget which maintains adequate liquid assets to meet cash needs for the current year.
2. Building and maintaining reserves and long-term investments to insure the sustainability of the Organization.

Blue Mountain Humane Society

Notes to Financial Statements

Year Ended December 31, 2019

NOTE 2 – AVAILABILITY AND LIQUIDITY (continued):

The Organization maintains the following policies to facilitate the above guiding principles:

- Investment policy governing the endowment and board restricted savings:
The Organization partially funds cash needs for operations from draws of endowments and board-designated savings. The finance committee meets quarterly to oversee the cash needs and investments of the organization, and presents a recommendation to the full board regarding the draw rate (spending rate) during the budgeting process. The draw rate ranges from 4% to 6% of the 3-year average balance of the endowments and investment accounts.
- *Sweep savings account policy:* To meet seasonal cash fluctuations the organization also maintains a \$50,000 reserve in a sweep savings account. The reserve is used at the direction of the Treasurer and replenished when possible throughout the year, and always after the fundraising event in October.
- *Building reserve policy:* To meet future capital replacement needs and expenditures, the board maintains a separate Building Reserve account, for use at the direction of the Treasurer and replenished when possible throughout the year.

The Organization's financial assets available for general expenditure within one year of the balance sheet date are as follows:

| | |
|---|------------|
| Cash and cash equivalents | \$ 198,668 |
| Accounts receivable | 10,002 |
| Pledges receivable | 25,206 |
| Investments | 2,586,378 |
| Total financial assets | 2,820,254 |
| Less amounts not available to be used within one year: | |
| Donor-imposed restrictions: | |
| Funds subject to purpose restrictions | 21,724 |
| Funds subject to time restrictions | 25,206 |
| Endowment investments not available over next 12 months | 888,826 |
| Internal designations: | |
| Board designated investments not available over next 12 months | 1,697,552 |
| Financial assets available to meet cash needs for general expenditures within one year | \$ 186,946 |

Year Ended December 31, 2019

NOTE 3 – PLEDGES RECEIVABLE:

During the year ended December 31, 2016, the Organization entered into a ten-year land lease that has an estimated fair value of \$6,000 per year. The lease requires annual payments of \$1,500. The remaining in-kind donation was recorded as a pledge receivable, using a discount rate of 2%.

The Organization's pledges receivable consisted of unconditional promises to give and are due as follows as of December 31, 2019:

| | In-Kind Rent |
|----------------------------------|------------------|
| Receivable in less than one year | \$ 4,500 |
| Receivable in one to five years | 22,500 |
| Receivable in six to ten years | - |
| | <u>27,000</u> |
| Less: | |
| Discount to net present value | <u>1,794</u> |
| | <u>\$ 25,206</u> |

NOTE 4 – SELF INSURANCE:

The Organization has elected to opt-out of participation in the Washington State Employment Security Program. The Organization is self-insured for unemployment claims through 501(c) Agencies Trust. Contributions to 501(c) Agencies Trust are accumulated and used to pay future claims. The Organization could be required to make additional payments if claims exceed the accumulated contributions. At December 31, 2019, \$14,953 was held on deposit with 501(c) Agencies Trust, and is included in prepaid expenses. The ultimate costs of claims are accrued when incidents occur that give rise to claims.

NOTE 5 – FAIR VALUE MEASUREMENTS:

The Financial Accounting Standards Board has established a fair value measurement standard, which establishes a three-level hierarchy for disclosure of assets and liabilities recorded at fair value. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for measurement are observable or unobservable. Observable inputs reflect market-derived or market-based information obtained from independent sources while unobservable inputs reflect estimates about market data.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices are available in active markets for identical investments as of the measurement date. The Organization does not adjust the quoted price for these investments.

Level 2 – Pricing inputs are observable for the investments, either directly or indirectly, as of the measurement date, but are not the same as those used in Level 1. Fair value is determined through quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire measurement in the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual Funds and Exchange Traded Funds: Valued daily at the closing price as reported by the fund. Mutual funds held by the Organization are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and exchange traded funds held by the Organization are deemed to be actively traded.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Preferred and fixed rate cap securities: Valued at the closing price reported on the active market on which the individual preferred trades. Preferred generally pay a fixed rate coupon, but may also have a floating structure. Individual bonds are valued at the last accepted bid for such bond. A current bid should be requested in the event of liquidation and may vary from the last accepted bid.

NOTE 6 – ENDOWMENTS:

The Organization's endowments consist of donor-restricted funds established to provide continuing resources for the Organization's mission. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of relevant law:

The Board of Directors has interpreted the Washington State UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies net assets with donor restrictions as:

- The original value of initial and subsequent gift amounts donated to the endowment; and
- Any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added.

Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Board of Directors in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- General economic conditions;
- The possible effect of inflation and deflation;
- The role that each investment or course of action plays within the overall investment portfolio of the fund;
- The expected total return from income and the appreciation of investments;
- Other resources of the Organization;
- The needs of the Organization, or a particular fund within the Organization, to make distributions and to preserve capital; and
- An asset's special relationship or special value, if any, to the Organization's purposes.

NOTE 6 – ENDOWMENTS (continued):

Endowment funds as of December 31, 2019, are as follows:

| | Without Donor Restrictions | With Donor Restrictions | Total |
|--|----------------------------------|----------------------------|-------------------|
| Donor-restricted endowment funds: | | | |
| Original and donor-restricted gift amount and amounts required to be maintained in perpetuity by the donor | \$ - | \$ 614,481 | \$ 614,481 |
| Accumulated investment gains | - | 274,345 | 274,345 |
| | <u>\$ -</u> | <u>\$ 888,826</u> | <u>\$ 888,826</u> |

Changes in the endowment funds for the year ended December 31, 2019, are as follows:

| | Without Donor Restrictions | With Donor Restrictions | Total |
|---|----------------------------------|----------------------------|-------------------|
| Endowment funds, | | | |
| December 31, 2018 | \$ - | \$ 746,656 | \$ 746,656 |
| Investment return, <i>net</i> | - | 182,490 | 182,490 |
| Appropriations of endowment assets pursuant to spending-rate policy | - | (40,320) | (40,320) |
| Endowment funds, | | | |
| December 31, 2019 | <u>\$ -</u> | <u>\$ 888,826</u> | <u>\$ 888,826</u> |

Funds with deficiencies:

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration (underwater endowments). The Organization has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under the laws. There are no funds that have a deficiency as of December 31, 2019.

Return objective and risk parameters:

The Organization has adopted investment and spending policies for endowment assets with the long-term goal of preserving the asset size and for providing the same level of support in real dollars. The second long-term goal is to modestly grow the asset size of the investment portfolio by realizing a real rate of total return of 10% after administrative and management expenses. Actual results in any given year may vary from this amount.

NOTE 6 – ENDOWMENTS (continued):

Strategies employed for achieving objectives:

The goal of the Endowment Committee is to realize investment appreciation, consistent with safety of principal. The Organization will use an asset allocation model to define the optimum portfolio mix that relates an expected rate of total return with an expected risk profile of each investment category as well as the overall portfolio. The Organization has adopted the following asset allocation: large cap domestic stocks (25% - 45%), small/mid cap domestic stocks (10% - 30%), international stocks (0% - 20%), domestic fixed income (20% - 40%), alternative investments (0% - 10%), and cash equivalents (0% - 15%).

Spending policy and how the investment objective relates to spending policy:

The Organization periodically reviews the appropriate investment goal for the annual total return of assets. This goal is expressed in terms of a five-year rolling average and is net of investment fees paid to investment managers and for custodial services. The appropriate total return goal shall be established to supporting an annual spending rate of 4% to 6%.

NOTE 7 – NET ASSET DESIGNATIONS AND RESTRICTIONS:

At December 31, 2019, a portion of the Organization’s net assets without donor restrictions was designated by the Board of Directors for specific purposes, as follows:

| | |
|------------------------------|---------------------|
| Board restricted reserve | \$ 1,647,468 |
| Building maintenance reserve | <u>50,084</u> |
| | <u>\$ 1,697,552</u> |

Net assets with donor restrictions as of December 31, 2019, consisted of the following:

| | |
|--|-------------------|
| Subject to expenditure for specified purpose: | |
| Dog park improvements | \$ 6,724 |
| Humane education development | 15,000 |
| Subject to passage of time: | |

NOTE 7 – NET ASSET DESIGNATIONS AND RESTRICTIONS (continued):

See Note 6 for further details on the endowment account.

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by the occurrence of the passage of time or other events specified by the donors as follows for the year ended December 31, 2019:

| | |
|--|------------------|
| Expiration of time restrictions | |
| Pledges receivable | \$ 3,918 |
| Satisfaction of purpose restriction: | |
| Shelter improvements | 28,960 |
| Restricted-purpose spending-rate distributions and appropriation: | |
| General use | 40,320 |
| | <u>\$ 73,198</u> |

NOTE 8 – DONOR-DESIGNATED FUNDS:

The Organization has been named a beneficiary of donor-designated funds maintained by the Blue Mountain Community Foundation (the Foundation). The designated funds are subject to the Foundation's variance power, which allows their Board of Directors to modify any restriction or condition placed on the gifts to the Foundation. Due to this variance power, the Organization does not record an asset or recognize revenue related to these funds until received. During the year ended December 31, 2019, the Organization received \$74,839 from the donor-designated funds that is included in contributions in the statement of activities. As of December 31, 2019, balances in donor-designated funds for the Organization that are maintained by the Foundation were \$1,864,831.

NOTE 9 – IN-KIND CONTRIBUTIONS:

The Organization receives a significant amount of donated goods and services from volunteers. Contributions of services are recognized if the services received create or enhance nonfinancial assets, require specialized skills, are provided by individuals possessing these skills, and would typically need to be purchased if not donated. Veterinarians have donated their time to assist in altering cats for the Cat Management Coalition program. The fair value of these services was estimated to be \$11,248 for the year ended December 31, 2019.

In-kind contributions consisted of the following during the year ended December 31, 2019:

| | |
|-----------------------|-------------------|
| Animal care supplies | \$ 90,484 |
| Professional services | 11,248 |
| Office supplies | 9,918 |
| Stock | 11,356 |
| | <u>\$ 123,006</u> |

NOTE 10 – SIMPLE IRA RETIREMENT PLAN:

The Organization sponsors a Simple IRA retirement plan covering qualified employees, as defined. Employees who receive salary of at least \$5,000 are eligible to participate in the plan. The Organization matches the employee's contribution up to a maximum of three percent of the eligible employee's compensation. The Organization contributed \$12,390 in matching Simple IRA contributions for the year ended December 31, 2019.

NOTE 11 – NONCASH INVESTING ACTIVITIES:

Each year, the Organization purchases and sells within its investment account, with no resulting cash activity. In addition, income is also automatically reinvested. The following summarizes the noncash investing transactions for the year ended December 31, 2019:

| | |
|-----------------------------------|-----------|
| Sales | \$ 87,564 |
| Purchases | (35,596) |
| Interest and dividends reinvested | 75,763 |

NOTE 12 – OPERATING LEASE COMMITMENTS:

In 2016, the Organization entered into an operating lease for land. The lease requires annual payments of \$1,500 through December 2025. The annual fair value of the lease is \$6,000. The difference between the fair value and required lease payments has been recorded as an in-kind contribution during the year ended December 31, 2016. Also, see Note 3. Rent expense for the year ended December 31, 2019, was \$7,033.

Future minimum lease payments (excluding in-kind rent) are as follows:

| Years Ending December 31, | Amount |
|------------------------------|----------|
| 2020 | \$ 1,500 |
| 2021 | 1,500 |
| 2022 | 1,500 |
| 2023 | 1,500 |
| 2024 | 1,500 |

NOTE 13 – SUBSEQUENT EVENTS:

COVID-19 implications:

In March 2020, the federal government and the state of Washington issued guidelines for businesses to limit personal working conditions due to the virus COVID-19. The impact of these guidelines is widespread and specific impacts on the Organization, its donors, customers, and vendors cannot be predicted. Management is closely monitoring the situation and is limiting any potential negative impacts and disruptions to operations within their control. However, COVID-19 may affect the future revenue and expenses, as well as the recognition and measurement of assets and liabilities of the Organization.

Paycheck Protection Program Loan:

In April 2020, the Organization received \$147,223 from Banner Bank as part of the Paycheck Protection Program (PPP), included in the Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by the United States Congress in response to the COVID-19 crisis. The PPP authorizes forgivable loans to small businesses to incentivize retention of employees during the pandemic. The forgivable portion will be determined based on the Organization's use of funds during the 24-week period after receiving the loan. The Organization must apply for loan forgiveness by September 17, 2021. Any amount not forgiven will be due by April 2022. Specific repayment terms will be dependent on various future events related to the loan forgiveness process.

Other:

Subsequent events have been evaluated by management through December 21, 2020, which is the date the financial statements were available to be issued.
